VOL. CXXXVII.—No. 196. ALEXANDRIA GAZETTE, THURSDAY, AUGUST 18, 1921. PRICE TWO CENTS

## Soon To Erect New Public School Building

### Structure Will Cost $90,000 and Contain Sixteen Class Rooms and Will Accomodate 640 Pupils

### PLANS ALREADY PREPARED

**Expected That a Special Meeting of City Council Soon Will Be Called To Complete Arrangements. To Build On High School Lot.**

Plans have about been completed by the joint committee on schools and finance for the erection of a new public school building which will cost approximately $90,000.

The proposed new building will contain sixteen modern class rooms, but will not have an auditorium. It will be two stories high and have stone and concrete trimmings and there will be an office building.

It will be erected on the Alexandria High School lot and the exterior of the structure will be similar in design to the present high school building.

Recently the joint committee on schools and finance conferred with the members of the city school board and plans were submitted by E. C. Dunn, city egineer. Engineer Dunn recently visited a number of cities in Virginia and obtained ideas for the proposed building. He has prepared plans which will be an improvement over most of the school buildings that he has visited, and Alexandria when the new school is completed, will have ample school facilities for some years to come it is stated.

The proposed new school building will have a seating capacity of 640 students.

It is expected that a special meeting of the city council will be called within the next week for the purpose of taking action on the matter of erecting the proposed school building. As soon as the plans are ratified arrangements will be made to begin work of construction and it is expected that the actual work of construction will be started this autumn. The question of additional school facilities for this city has been agitated for some months past and the result will be a fine new building.

News that the city will have additional school facilities will be received with gratification by the parents of the city, as at the present time owing to the crowded condition of the public schools many of the children in the primary department in the schools now only attend one session a day.

## MRS. RHODES VISIT PLAY GROUNDS

Mrs. Rhodes, supervisor of the playgrounds of the District of Columbia, and her assistant, Miss Chambers reached here yesterday and visited the playrounds and expressed herself as delighted with the location of both grounds. The enclosed grounds on Queen street she considered capable of being made ideal and she highly commended the plans under way for the building of a portable house. The Lee street grounds, she said, reminded her of the terraced playgrounds at Providence, Rhode Island, and she saw in them great possibilities. On these grounds the kindergarten class will begin tomorrow, as well as the basket ball games

After one hours' discussion of plans with the gentlemen, Mrs. Rhodes went to the chamber of commerce where she met a few more of the committee. She congratulated the association on the splendid achievement of the past six weeks, and stated she wished to have Miss Howard return to the Washington work, and also told Mayor Duncan she would like to take him too. The committee valued her appreciation but declined to part with either the playground teacher or the Mayor.

## Ends In Police Court.

**Mothers Have Innings Following Boys' Fight.**

A small fight among children yesterday afternoon in the northwestern part of the city dragged the mothers of two boys who were at the scene of the activities into the police court. Before things cooled down and the battle was over the mothers of two of the boys who were present got into an argument. They engaged in some heated conversation and this resulted in one having the other cited into the police court today. Judge Snow after hearing both sides placed each mother under a personal peace bond in the sum of $50.

A young man drink half of a half pint of corn liquor and she got "full" so "full" that the police were called. He explained that he was endeavoring to walk it off when he was arrested. The court fined him $5.

## Recover Automobile.

The Ford Sedan reported stolen early Wednesday morning from in front of the Fairfax Apartment, the property of George T. Coder, of Washingto, has been recovered and restored to its owner. It was found several hours after a report of the robbery had been made to the police Mr. Coder was highly pleased with the speedy work in connection with its recovery.

## Man and Wife, Armed, Put Bandits To Flight.

Hammonton, N. J., Aug. 18.—The service station of John Oakes, on the White Horse pike at the foot of Hammonton Lake was the scene late yesterday of an ecouter that might have been enacted in the wild West in its early days.

When two bandits attempted a hold up Oakes and his wife drew revolvers on their assailants finally causing them to run from the place before accomplishing their purpose.

Colored employees of a nearby hotel and the Hammonton police were soon on the scene, and one of the alleged curprits was found hiding in the woods and brought to this place, where he was committed to jail without bail by Justice of the Peace E. A. Burdick on charges of attempted robbery and atrocious assault with intent to kill. He gave the name of Philip Grassi, aged 38, of 912 South Ninth street Philadelphia.

The other desperado escaped and may still be hiding in the woods. Charles Defoe, aged 18, of 1235 South Eleventh street Philadelphia, who drove the car which brought the men here was released on $500 bail, under which he had been held as a material witness.

Harrisonburg. — Harrisonburg's school board has ordered eight portable school houses to erect on a large lot here to accommodate as many classes of the primary grades for which there is no room in the main school building. The buildings are 24x32 feet, and will comfortably accommodate forty pupils each. The materials for the buildings are sawed and fitted at the factory, ready to be Assembled on delivery.

## Trip Around World Falls Through

Rehoboth, Dela., Aug. 18.—Captain John Williams, alias George Auger, alias Leon Yearrick, is in Georgetown jail in default of $2,500 bail on five charges of obtaining money under false pretenses. A two-year trip around the world on the largest boat afloat that Captain John had planned will probably have to be postponed. To a number of residents of this place this is the sad part of his arrest, as they were to go on the $44,000,000 round the world trip, some as personal guests of Captain John and others as secretaries, radio operators, engineers, clerks and in other capacities on the boat.

Each person engaged by the genial captain for a position on the boat for the two-year trip was required to "come across" with an amount from $6.36 up, according to the position he was to get. This, the captain explained, was not for him personally, but was for the premium on the bond they would have to have as employees on his ship.

Captain John landed here about a week ago and dazzled those who talked to him about the trip around the world that he was planning. He represented himself as a millionaire sea captain and ship owner, and said he made his millions during the war.

Many accepted invitations to accompany him as his guests, while a large number accepted mythical positions on the mythical boat.

Each passenger booked other than his guests, Captain John said, was to pay $20,000 for the trip, which would include everything, even spending money. He is said to be wanted in Baltimore.

## STATE NEWS

Spotsylvania. — The protracted drought was broken this morning by copious showers, saving the crops from total failure and enabling the farmers to prepare their land for fall planting.

Danville.—A party of prohibition agents gathered at Chatham yesterday evening with automobiles laden with the fruits of recent liquor raids. The contents of the various containers were emptied in the court house square in the presence of a large crowd which watched 175 gallons of moonshine soak into the ground.

Petersburg.—At the meeting of the City Council last night it was decided by that body to annex Walnut Hill to Petersburg. The matter will be heard in the Prince George County Court, in which county the larger part of the property is situated.

Fredericksburg.—The Spotsylvania Holiness Association will open its annual camp meeting on their grounds near Fredericksburg on Friday, August 19, to continue for ten days. Rev. A. E. Wachtel, of Jersey City, N. J.; Rev. Bessie B. Larkin, of Collingswood, N. J., and Miss Eva Carpenter, of Indiana, will do the preaching.

Danville.—Gov. Westmoreland Davis today announced November 8 as the date for a special election in the Fifth Congressional district to choose a successor to the late Representative Rorer A. James, who died several weeks ago. The Fifth District Democratic Committee will meet in a few days to arrange for a convention.

Newport News.—Detective Sergeant L. D. Price Tuesday morning pleaded guilty to a charge of drunkenness when arraigned before the City Manager, and was reduced to the ranks of the uniformed force. He ran into a child while driving an automobile Saturday afternoon, and was so worried that he took too much drink, he said.

Charlottesville.—When the Virginia Grand Camps of Confederate Veterans and Sons of Veterans hold their joint annual reunion here in October, the statue of Thomas J. (Stonewall) Jackson, presented to the city by Paul Goodloe McIntire, millionaire philanthropist, will be unveiled. The committee had also planned to unveil the statue of Robert E. Lee, another McIntire gift, but the monument is not completed. The unveiling will take place on October 19. It is expected that there will be at least 5,000 people here from every section of the State.

Charlottesville.—Some idea of the destruction of the fruit crop in this section by the spring frosts may be gathered from the experience of W. H. Mehring, a large grower of peaches in the Covesville neighborhood. twenty miles south of the city. He has an orchard of 4,500 trees and last year shipped 2,000 crates of prime fruit to the markets. Recently he visited his orchards on an inspection tour and, with the help of one of his men, brought back a total of one bushel, representing this year's entire yield.

Norfolk.—Coast guardsmen, who twice saved the schooner Message of Peace and her crew from disaster on the shoals near Ocracoke Inlet, N. C., will likely seize the vessel and arrest the men for alleged rum-running, according to word received from the seacoast line today. The vessel, which is forty-five net tons, was said by life savers to be under British registry, though she is carried as an American on some vessel lists. She was bound from Nassau to Jacksonville when she went ashore at Ocracoke, some miles below Cape Hatteras on Saturday night.

Dungannon.—Mrs. Mary Anne Osborne of Dungannon, familiarly known as "Aunt" Mary Anne, recently underwent an experience familiar to most every one now, but to her unique and unusual, when a few days ago she took her first ride in an automobile, Though well past four score years she had never entered a car till she was induced by her grandson, W. L. Osborne, to enter and take a ride of a few miles through the country. The experience was perhaps a little thrilling to the old lady, yet seh declares that she found the ride most enjoyable and interesting in this "new fangled" mode of rapid transportation.

Richmond.—John Brantley, owner of a large still in Greeneville county, is dead as the result of a gun fight with the sheriff and two deputies and two state prohibition officers. He boasted that he would die with his boots on. When the officers showed up at the still, which was going full blast, they ordered the three men to "hands up." All of them obeyed except Brantley, who opened proceedings by bringing a huge pump gun into action. The officers replied, the first shot going through his body, striking just below the heart. He died before a physician could reach him. The coroner empanelled a jury and the officers were at once acquitted. The officers got two other stills in the same raid.

## MAIL THEFT TRUST HEAD

**John Worthington Declared a Modern Dr. Jekyll and Mr. Hyde.**

### DEALS WITH BANKS

**Government Gets First Hand Information From Owen E. Evans, Former National Bank Examiner.**

Chicago Aug. 18.—"Honest" John Worthington, alleged brains of the "mail theft trust," is a modern Dr. Jekyll and Mr. Hyde, according to an amaizng revelatio announced today by Federal officials.

At the same time he is alleged to have been directing the operations of a bandit gang stealing millions in securities in mail robberies, Worthigton negotiated legitimate financial deals for some of the biggest bankers in America, the Federal officers declare.

Owen E. Evans, fromer national ban kexaminer, held as Worthington's aide in the "theft trust," today gave the Government first hand information concernig the remarkable deception executed by "Honest" John. He is said to have made a "clean breast" of all his associations with Worthington.

Officials now believe Evans was hired by Worthingto to lend an arof respect to Worthington's schemes

## Lincoln's Quill Pen Safe! Duplicate Stolen.

Chicago, Aug. 18.—The thief who took "Lincoln's Quill Pen," with which he signed the Emancipation Proclamation, from the Historical Society exhibits at the Pageant of Progress last week has a valueless duplicate of the original pen, the society announced today.

The real pen, it was revealed is still in its place at the society's rooms.

## Enjoy Camp Life.

**Girl Scouts At Collingwood — Daily Program Given.**

Quick action certainly took place in getting the Girl Scout troop of Alexandria down to camp at Collingwood last Saturday. It would have been an almost impossible feat, had it not been for the wonderfully efficient assistance of good friends which arrived at the logical moment.

The girls with Mrs. H. B. Caton, Mrs. G. B. Blount and their leader, Mrs. E. P. Jones, assembled at the station on Prince and Royal street with all of their baggage. Meanwhile, a big truck, loaned by the Armour Co., was being loaded with cots and tents which the Alexandria Light Infantry not only generously loaned, but even sent two of their men to put up. The camp would also have been almost impossible but for the loan of the field range, camp ice box, kitchen utensils, hammocks and swings of the Y. M. C. A., outfit, which K. E. Wallace was glad to have the scouts use. The news of the camp, up-to-date, is as follows:

Sunday school was held, and a Sabbath service later, led by Mr. Wallace, was enjoyed by all. The daily camp program is as follows:

6:30—Rise.
7:00—Flag salute.
7:05—Setting up exercises.
7:30—Breakfast.
8:00—Camp duties (clean-up).
8:30—Hike.
10:30—Story hour.
11:00—Bible study.
11:30—Dinner.
12:30—Camp duties.
1:00—Woodcraft, health talks.
2:00—First Aid.
3:00—Rest hour.
4:00—Swimming.
5:50—Flag lowering.
6:00—Supper.
6:30—Camp duties.
7:00—Games.
7:30—Free time.
8:00—Story hour.
8:30—Vespers.

The troop is divided equally into two teams, Alexandria and Snowden. In the games so far, the scores are as follows:

Passball—Alexandria, 5; Snowden, 3, Sunday; Alexandria, 2, Snowden 6, Monday; Alexandria, 8, Snowdens 0, Tuesday.

In volley ball on Tuesday, the Alexandria team beat Snowdens team by two counts.

Mr. Wallace began a class in first aid on Tuesday and Mrs. Caton is giving some health talks to the scouts. During the rest of the week they also expect to have other splendid talks on various subjects by different people.

Mrs. Blount acts in the role of "Camp Mother" to all of the smaller girls, and Mrs. Caton, to all of the rest of the troop, while Miss Rose Petty has been general "handy man" for a few days. Thursday is rumored to be "chicken dinner" da

## Store Thieves Active Rob At Two Places

### Four Dresses Stolen, Two From Each Store, Are Recovered and One Colored Man Caught

### STORES WORKED BY TWO MEN

**Thieves Drop Two Dresses Stolen At Blankin's—An Hour Afterward Police Apprehend Man With Two Dresses Stolen From Farley's.**

Store thieves were active early this morning and visited two King street stores and sueceeded in stealing four dresses, two at each place. The thieves were two colored men wearing overalls. All of the loot was recovered by the police and one of the men alleged to have been implicated in the robberies captured, all being accomplished by the police in exactly one hour after a report of the robberies had been made to the police.

The first store visited by the men was J. Blankin's 622 King street. The men were first "customers" to enter the place. They told Miss Irene Thompson, a clerk, they desired to see a suit suitable for a woman who weighed 250 pounds after looking over a number of women's suits Miss Thompson informed them that they had nothing in stock that size. One of the men then decided he wanted to purchase a suit of clothes for himself and started to look over the stock. In the meantime a colored woman entered the store to pay a bill and this diverted Miss Thompson's attention and when she was writing a receipt one of the men slipped two women's dresses into his overalls, taking the holders on which they were displayed. They only waited, a moment before they left. Miss Thompson suspected the men had stolen something and she notified the police. The men evidentally were frightened and going a distance of a square from the store they deposited their loot on the fence of an alley adjoining the residence of Mrs. Chilcotte, 115 South St. Asaph, and threw one of the suits over into Mrs. Chilcotte's yard. A little daughter of Mrs. Chilcotte found the garments and they were turned over to Policeman Walker. They were valued at $35 each.

The police began a search for the men and a net soon was spread over the city an an hour after a report of the theft was made to the Policemen Magner, Durrer and Welker arrested a colored man near the Union Station freight shed on suspicion. He had a pair of overalls rolled up under his arm and when the police unrolled them they found two ladies' black silk dresses. He was brought to police station and gave the name of Henry Wilson, twenty-one years old, who says his home is in Charlottesville, Va., but who says he came over to Alexandria from Washington this morning. The suspect when questioned by Chief Goode as to where he obtained the garments declared that this morning he purchased them from a colored man for $8. He, however, was unable to give the name of the man. While he was being questioned Policeman Welker brought to headquarters J. Thomas Cook, manager of Farley's 500 King street. Mr. Cook inspected the dresses, one of which was valued at $41.95 and the other at $28.95 and he identified them. Mr. Cook then identified the prisoner as the man who called at his place this morning in company with another colored man and looked at ladies' dresses and other articles.

Just before Mr. Cook saw the prisoner Miss Thompson accompanied by Mr. Blankin called at police headquarters and identified the two dresses recovered as having been stolen from Mr. Blankin's place and the police say Miss Thompson identified the prisoner.

According to Mr. Cook two men, whom he described as similar to the men who entered Mr. Blankin's place, called at his store shortly before 9 o'clock and asked to see women's dresses. Mr. Cook waited on the men. They examined a number and finally the man doing the talking said he thought he would like one he picked out and asked Mr. Cook to lay it aside and he added he would have his wife call an hour later and see if it fitted her. In the meantime he looked over some men's suits and kept Mr. Cook busy, and it is supposed that his companion slipped the two dresses into his overalls while he was examining the suits. Both men then left without making any purchase.

The police are still endeavoring to locate the second man and they have been furnished with a good description of him. The members of the police department are being congratulated on the quick recovery of the stolen goods and the apprehension of the man.

## To Exhibit Work.

**Sewing Class at Playgrounds To Show Their Efforts**

The sewing class at the playgrounds is progressing wonderfully. Thanks to the generosity and interest of local merchants every bit of material used was donated and many useful garments and other pieces of handiwork have been made Later in the season an exhibition of the work of Alexandria's youthful seamtresses will take place on the playgrounds which will prove to the public the success of the efforts of those who have the playground at heart. Mrs. T. Marshall Jones and those associated with her deserve much credit for their untiring efforts in this worthy cause.

It is hoped that some of our young girls in this city will realize the advantages of playground work, its healthful exercise and good pay to trained leaders, and will enlist in the training classes in the Washington Playgrounds which are open to those interested for training, free of charge.

## Dunne's Aged Father Leaves Oddest Will.

Chicago, Aug. 18.—One of the oddest wills ever recorded in Cook county was filed today by heirs of the late Patrick W. Dunne, father of former Governor Edward F. Dunne, Addressed as a letter to his wife, Mrs. Sara Dunne, of Lake Forest, the will reads:

"My dear wife: In case of sudden death from violence at the hands of your brother, William H. Condon, or from other causes, I hereby declare this to be my last will and testament. I hereby leave and bequeath to you all the personal property I may possess for your use and benefit."

Mr. Dunne was 90 years old when he died last April, leaving an estate of $10,000. Condon was at one time a member of the State Legislature and was considered eccentric. Newspaper files show he once had two suits pending, one for $5,000,000 against th Chicago and Wstern Indiana Railroad, and the other for seven cents against a newsboy.

## Lawn Fete for Playgrounds.

The Alexandria Playground Association is giving a lawn party on the Queen street grounds Monday evening, August 22, from 7:30 to 9 o'clock. There will be no admission tickets but ice cream, home made cake and candy will be on sale. The money raised by this lawn party will be toward defraying the expenses of the new equipment and will possibly enable the Association to equip the grounds more fully. This lawn party should have the patronage of all interested in the betterment of playground situation. An additional feature of this party will be the "Fortune Teller." Come out Monday and enjoy yourself and help put the grounds in better shape.

## INSPECT WAREHOUSE

The Atlantic and Pacific Tea Co., managers of Washington and vicinity yesterday afternoon went to Baltimore to inspect the company's ggiantic new warehouse in that city The delegation comprised about 50 managers: C. S. H. Cobb, Charles O. Emerson nad Ashby Morse, were the representatives from this city. They report a fine time. This warehouse is one of the largest of the largest of the system and from it all A & P stores of the southern states are supplied.

"What is velocity?" asks a science journal. We have always thought that it was the thing with which one lets go a wasp.—London Opinion.

## Scents "Murder" Mystery--- Simply A Sleeping Man

Scenting a dark murder mystery a young and enterprising newspaper reporter at 11 o'clock last night phoned police headquarters when he discovered a white man lying near a clump of bushes, a short distance from the roadway near Union Station. In post-haste the police came for the purpose of bringing the "body" in for the coroner. As the police were about to catch hold of the man he arose from his slumbers and wanted to know what was the "matter." The police learned from the stranger that he simply was tired out and thought he would take his sleep outdoors and he was given a better sleeping quarters by the police at headquarters and the "story" of the young reporter went a glimmering.

## WASHINGTON DAY BY DAY

(From Our Special Correspondent.)

Washington, Aug. 18.—Democratic members of the House, under the leadership of Representative Claude Kitchin, of North Carolina, who is directing the fight from a sick bed at his home in Scotland Neck, are determined that the tax revision plan adopted by the Republicans shall not pass the House without opposition on their part. The measure will be voted upon at three o'clock Saturday afternoon.

At their caucus the Democratic Representatives made it clear that the Republican tax measure will not yield the $3,500,000,000 necessary to a safe and sane conduct of the Treasury and that the attempt to get along with less will result in a deficit destructive of orderly financing of the government. They also declare that the Republican plan of taxation will lighten the burdens of the rich without affording the needed relief to the poor tax payers. Altogether, the situation is not encouraging from the Republican standpoint.

**Pass Virginia Election**

Neither President Harding nor any member of his administration is going to take an active part in the Gubernatorial campaign in Virginia.

Representative Bascom Slemp, Joseph L. Crupper, Republican State Chairman and Henry Anderson, of Richmond, Republican nominee for Governor, who called at the White House yesterday afternoon all declared that the fight in Virginia would be made along state and local issues.

"We do not care to inject national issues into our campaign," declared Mr. Crupper to the Gazette correspondent. "We are waging our fight along state and local lines."

Representative Slemp said he is confident that the Republican vote in Virginia this fall will show a substantial gain over previous Gubernatorial years.

"Of course, I would not care to predict that the Republican ticket will be elected," he continued, "but we feel very much encouraged over reports brough to headquarters. President Harding is deeply interested in the campaign in the state and will give us all the encouragement at his command."

**Harding To Visit College**

President Harding will pay a visit to William and Mary College near Richmond about the middle of October. He has accepted an invitation to attend a celebration at Birmingham during October, and will take occasion during his journey South to stop over at the Virginia educational institution to say a few words to the faculty and student body.

**Blow To Prohibition**

The adoption by the House of Representatives of the amendment to the anti-beer prohibiting the search of private homes for persons suspected making home brew is acknowledged by dry leaders in Washington to be the greatest blow given the cause of prohibition since the enactment of the Eighteenth Amendment. In its effect, the action of the House, which undoubtedly will be ratified by the Senate, serves to lift the ban completely on the manufacture of intoxicating beverages for personal consumption and limits the national prohibition act to the enforcement of the law against the sale of such beverages Some of the most extreme "drys" in Congress declared today that the amendment has made the prohibition law a farce, for while one may be violating the law it will be impossible to enforce it in view of the action taken.

**Trade of Cuba**

The United States government is going to develop its trade with Cuba to the fullest extent. It proposes to encourage American manufacturers and exporters to seek the trade of Cuba. Carrying into effect this policy, Secretary of Commerce Hoover has announced the appointment of Chester Lloyd Jones, of Orange, N. J., as commercial attache for Cuba. Mr. Jones will make his headquarters in Havana along with Major General Crowder, the President's personal representative in the island. It will be the duty of Mr. Jones to supply American producers and exporters with every bit of information which will result in the up-building of trade with Cuba in order that hereafter her markets may prove a fruitful source to American commerce.

TODAY'S THOUGHT

O woman! in our hours of ease, uncertain, coy and hard to please, and variable as the shade by the light quivering aspen made; when pain and anguish wring the brow, a ministering angel, thou!

Walter Scott!

## A PUBLIC NUISANCE

Complaints are being made to the Gazette with request that it take the matter up, of the most disgraceful scenes witnessed by the automobile public after nightfall, along the road just this side of the Long Bridge. It is claimed that large numbers of automobiles from Washington pass over the bridge, halting on this side, and that the men and women occupying them are of the most depraved character. From the location as described this is apparently under federal jurisdiction, and if so, the Government should take steps at once to suppress what has grown to be a conspicuous and notorious public nuisance.

## VIRGINIA FARMS

The new census gives the total number of farms in Virginia for the year 1920, as 186,242, being about two thousand more than for 1910. Those entirely operated by owners, number 121,454, as against 117,964 in the previous census. Those operated by part owners, that is those including leased lands, numbered 14,909 in 1920, as against 15,700 in 1910. Those operated by managers numbered 2134 in 1920, and 1625 in 1910. Those farmed by tenants, were 47,745 in 1920, and 48,729 in 1910.

This is an encouraging sign, as it shows a substantial increase in the number of farms in the state, in the number entirely operated by owners, and a decrease in the leased farms and those farmed by tenants. The increase in operation by managers is like wise probably an encouraging sign, as it may indicate a tendency to adopt more modern methods in cultivation, book-keeping and marketing—all three. It might also indicate that our farm owners were creating positions for the graduates of our agricultural institutions, and observing more closely the vast fund of information now afforded by the agricultural agents, state and federal.

On the whole the figures of the new census are cause for congratulation so far as an increase in the state's farming industry is concerned.

All copy measuring a quarter-page or less, must be in this office not later than 9 a. m., of the day of publication. No exceptions to this rule will be made. 167-tf**

## ON LAND AND IN WATER

(For the Gazette.)

One-fourth of the world's diet consists of vegetables.

Seven hundred British subjects are born at sea each year.

The motion of waves ceases to be felt at a depth of 3,600 feet.

Three crops a year can be grown in the Panama Canal zone.

The total length of the world's railways is estimated at half a billion miles.

Four-fifths of the world's halibut supply is captured in Pacific Coast waters.

Mice, the most hunted of all animals, are still the most numerous of four-footed creatures.

One hundred lakes in the Tyrolese Alps have subsided and disappeared within the last century.

Lake Superior is the world's largest body of fresh water. Its area is 31,300 square miles.

Boots worn by deep sea divers weigh 20 pounds each. The helmet weighs 40 pounds and the diver is obliged to carry additional ballast to take him far below the surface.

## RAIL FUNDING BILL NOW IN THE SENATE

Favorable report on the administration's railroad funding bill was ordered yesterday by the Senate interstate commerce committee by a vote of 7 to 2.

The bill would authorize the War Finance Corporation to use not to exceed $500,000,000 to purchase railroad administration and prescribe interest rates upon securities thereafter accepted from the carriers. The life of the corporation would be extended to July 1, 1922, under a committee provision.

Senator La Follettee voted with Senator Stanley against reporting the bill while Senator Pomerene voted for it.

It developed during consideration of the bill that the War Finance Corporation is now attempting to form a syndicate to purchase govern ment holding of railroad securities and relieve the government of further railroad funding operations.

Passage of the bill by the House early next week was predicted yesterday by Republican leaders. Representative Huddleston, Alabama, a Democratic member of commerce committee, urged that Secretary Mellon and Bert M. Jewell, of the American Federation of Labor, be heard. He charged that the Erie railroad had created a fictitious corporation to handle its shops at Marion, Ohio, for the express purpose of evading the labor section of the transportation act, adding that carriers had "ignored and flouted," the government and were not entitled to further favors from Congress. The committee majority ruled against his proposal. Director General Davis, of the railroad administration, and Eugene Meyer, director of the War Finance Corporation, will be the only witnesses heard.

## Camp Humphreys Notes

A Post Bridge Club was organized August 10th, at the "Log Cabin" with Col. Mason M. Patrick as President and Capt. Clarence L. Adcock as secretary treasurer. The club will meet each Wednesday evening at the Log Cabin. Mrs. William F. Tompkins, Mrs. William H. Waugh and Major Alfred L. Ganahl constitute the prize committee for August. The hostesses for August 17th are Mrs. Edward H. Schreiner and Mrs. Patrick Kelly.

Mr. Robert Campbell who is in charge of the Engineer School Printing Plant, left August 12th, with Mrs. Campbell for fifteen days vacation near Norfolk, Va., Mrs. Campbell has been engaged to teach the post childrens' school for the coming year. It is planned to open School September 12th. A number of pupils in the higher grades and in high school will attend the Alexandria schools.

Children's outing day will be Wednesday, August 24th, when all the children of the post and their parents are invited to gather at the Ponton School grounds for a picnic, games and swimming.

Capt. Maurice A. Hockman, Q. M. C., returned Saturday, July 13th from Walter Reed Hospital, where he had been under treatment for nearly two weeks. Miss Elizabeth Hogg, of Baltimore, is the guest of Miss Miriam Hockman, for a few days.

Capt. Clarence L. Adcock left August 15 for Boston, where he will join Mrs. Adcock and spend thirty days' leave.

Brigadier General Walter D. McGaw, Medical Corps, delivered an interesting address at the Liberty Theater on Sunday evening, August 14th. The General told of conditions at frontier army posts in the days when there was a frontier, when there were no such things as electric lights, telephones, typewriters and automobiles. He described the way in which officers and soldiers lived in those days, how their time was occupied and contrasted their condition with those which prevail today.

The Thirteenth Engineer Band led by Warrant Officer Treichel played a selection from "Mephistofele" by A. Boita and F. Drdla's "Souvenier." Following the address Musician Crescione rendered, as a cornet solo, Shubert's "Serenade."

"The Copperhead" was shown as the motion picture feature closing the program.

## 2 PARROTS, HEIRS TO $500, DIE BEFORE THEIR OWNER

New York, Aug. 18.—The two parrots, to which G. H. Hart, former criminal lawyer, living at No. 149 East Thirty-ninth street, bequeathed $500 in his will, died before they could enjoy the benefits of the fund.

Suie died at the age of ten years, in 1911, leaving oly Johnine as company for their master in his lonely flat. In this way fate thwarted the first clause in the will, which directed they should never be separated.

Johnnie died at the age of 35, in 1919, two years before his master was found dead in bed one morning. Har died July 23, without having changed the bequest in his will, which was made in 1907 and provided that the parrots be left in charge of the Society for the Prevention of Cruelty to Animals, with $500 for their maintenance.

Hart was downcast over the death of the two birds, according to his housekeeper. She said that after Johnnie's death he declared he would never have another pet. A widower for many years he had three parrots for pets. The housekeeper said he contributed largely, during his lifetime, to organizations which looked out for the comfort of animals.

## MISSING SISTERS FOUND

Bethlehem, Pa., Aug. 18.—Missing from their home since Monday morning with a toy express wagon, Helen Dutt, 13, and her sister, Mildred, 12, daughters of Mr. and Mrs. Frank Dutt, of North Bethlehem were found today in a famished condition at Central Park, midway between this city and Allentown.

They had slept two nights in the Bethlehem Steel Company's athletic field in this city and spent the day time in the park. They said that they had broken the express wagon while on an errand Monday and were afraid to return home for fear of being punished. They had little or nothing to eat and were glad to get back home. At first it was feared that they had been kidnapped and a police alarm had been sent broadcast.

## 100 AUTOS ARE FOUND SUBMERGED IN POOL

Chicago, Aug. 18.—Divers who have been working for a week removing automobiles from an abandoned stone quarry near Summit, a suburb, said yesterday that there are 100 machines in the pool.

The quarry contains 80 feet of water. Along the edge near the road cars are piled up three and four deep, the divers reported.

About 30 machines have been taken out and police and insurance investigators are investigating the circumstances under which they disappeared.

## WATERMELONS AT WHARF

Gas Steamer Ada Ballenger has just arrived with a load of river watermelons.

## Kidney and Bladder Troubles HAVE TO GO

**Clogged up Kidneys Deposits are Dissolved and the Toxins (Poisons) Completely Driven Out. Druggists Told to Guarantee it in Every Instance.**

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do don't neglect them."

Dr. Carey's famous prescription No. 777 known as Marshroot is not recommended for everything, but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water night and day, with smarting on irritation, brick dust sediment or highly colored urine, bloating irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's Disease, Diabetis or Gravel, for kidney disease in its worst form may be stealing upon you.

Don't wait until to-morrow to begin the use of this wonderful prescription if you have any of the above symptoms, Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to Kidney Disease, don't lose a single day for—every good druggist has been authorized to return the purchase money on the first two bottles to all who state they have received no benefit.

## COAL FOR THE CITY SCHOOLS

Bids will be received up to noon Saturday, August 20, 1921, for furnished coal for the city schools.

300 tons bituminous coal and 10 tons anthracite stove coal. Bids based on 2000 pounds to the tons. Coal to be delivered within sixty days from acceptance of bid.

The right to reject any and all bids is reserved.

192-4c. Gilbert J. COX, Clerk.

## FAMOUS CONDUCTOR RETIRED BY P. R. R.

Baltimore, Aug. 17.—Capt. Roland Mitchell, one of the oldest conductors in the service on the Pennsylvania Railroad here, has just been retired at 70 after fifty years' service. During this time he had in his care three million persons, carried over five million miles without any sustaining serious injury.

At the age of 20 he went with the Pennsy as brakesman, and from 1884 until he finished his last run Mitchell ran his own train, as a conductor expressed it, between Philadelphia and Washington. He is six feet one inch tall and a sturdy, ruddy man. His mother, Mrs. Margaret Mitchell, died only a few months ago at the age of 92.

A long list of notables have ridden on his train—Grant, Blaine, Cleveland, Hayes, Garfield, Wilson. For President Cleveland and his widow, the latter now Mrs. Preston, Captain Mitchell cherishes an especially warm regard. A big bluff, genuinely Democratic man was Cleveland, he says.

Only a few years ago Captain Mitchell, as he went through a chair car taking up tickets, found himself standing above Mrs. Preston.

"You don't remember me, Mrs. Preston, do you?" said the captain.

"No," Mrs. Preston answered.

"I didn't think you would," he said "But when you went to Washington to marry President Cleveland the train on which you were sleeping was delivered to me late at night in Philadelphia and I took you to Washington and got you there safely."

There's another story he likes to tell but this has to do with the days when he was a brakeman back in the early 70s. Grant was a passenger. The young brakeman studied him as he sat near a table. On that table near the President's hand was a glass containing a supply of the big black cigars which the General always smoked.

Like every one else Mitchell had heard of Grant's cigars. When the General finally walked away from that end of the car leaving the glass containing five of his cigars on the table, the young brakeman made up his mind that he was going to seize one of those cigars to preserve it as a souvenir. But while he was planning how to get it Grant returned and put the "smokes" in his pocket.

"You ought to have a chauffeur. Can't you afford one?"

"I might afford the chauffeur," replied Mr. Chuggins, "But I couldn't afford the kind of a car he'd want to take his friends out riding in."—Washington Star.

## IN MEMORIAM

In sad but loving remembrance of my daughter, NELLIE V. ARNOLD, who died two years ago today, August 18, 1919.

In my heart your memory lingers,
Sweetly tender, fond and true,
There is not a day, dear Nellie,
That I do not think of you.
Today recalls the memroy
Of a loved one laid to rest,
And those that think of her the most,
Are the ones that loved her best.

196-1p. Mama and Papa.

## SPECIAL MEETING

Special meeting of Relief Truck and Engine Company No. 1, will be held at the Truck House on Friday night, August 19th, at 7:30 sharp, to complete arrangements for attending the state firemen's convention.

By order:

Joseph De Silva,
196-1c. President.

## CITY NEWS IN BRIEF

Mrs. E. Kable, of Staunton, spent yesterday with friends in this city.

Mrs. Reginald Tatspaugh and childre are visiting relatives in Manassas, Va.

Mrs. Carl M. von Zielinoski is visiting her former home in this city.

Mrs. Luray Barnett and children, are visiting Mrs. William Clemons, at Halfway, Fauquier, Va.

Mrs. J. H. Bruce ,of Harrisonburg, Va., is the guest of Mrs. C. B. Vance, in North Royal Street.

Many complaints are to be heard regarding the condition of sidewalk on North Royal street.

Sxaminations started at the summer school this morning. School will close tomorrow.

There will be an entertainment and lawn party at Woodlawn Baptist Church, Friday evening, August 19, 1921.

Mr. J. T. Smalling, of Bristol, Tenn., is stopping in this city in connection with official business in Washington.

Miss Ethel G. McCabe, of Leesburg, Va., who recently lived in this city, made a short visit to friends here today.

Dr. W. W. Sawyer and family, accompanied by Mr. E. T. Burgess, all of Elizabeth City, N. C., are visiting friends in this city.

Mr. and Mrs. George D. Hopkins and Miss Julia Benton Hopkins, left today to spent the rest of August in Orkney Springs, Va.

Mrs. George Edmonds and daughter, Sarah, have returned to their home in Queen street aftre spending some time with her daughter, Mrs. Walter Akers, in Manassas.

Miss Daisy Crockett has just returned from Manassas, where she was the guest of Miss Dorothy Yates. While there she attended the horse show.

Mrs. W. H. Quinn, and daughter Miss Kathleen, and son, Billy, have returned from a visit to Mrs. Quinn's aunt, Mrs. Mary F. Garner Indian Head, Md.

Mayor James M. Duncan, of Duncan's garage, reports much activity in the sale of automobiles. He is receiving a carload of Dodge cars today for Warrenton delivery.

Mrs. Geo. Creighton and daughters, who have been the guests of Mrs. Susie Downey, of Del Ray, and Mrs. Charles Brenner, of South Alfred street, left yesterday for their home in Chicago.

Mr. D. C. Rhodes and Mr. O. W. Lewis, of the Southern California Auto Club, were in Alexandria yesterday. They are inspecting road routes for their club from Washington southward.

The Baraca and Philathea Bible Classes of the First Baptist Church will go to Franconia tonight on what is know as a "Married Man's" picnic, although it is not to be made up of married men entirely.

Mr. and Mrs. Alexander S. Doniphan have sold to James B. Smith house and lot, 403 North Henry street. A deed of transfer today was placed on record in the office of the clerk of the court.

There will be a special meeting of the Relief Truck and Engie Company No. 1, at the company's house at 7:30 o'clock tomorrow night when arrangements will be completed for attending the state firemen's convention which will be held in Lexington, Va., August 22-24.

Mr. S. E. De Haven and Mrs. De Haven, accompanied by their daughter, Miss Norville Hulda De Haven, of Connorsville, Ind., have left for their home after spending some time visiting the battlefields near here and near Petersburg.

Mr. Luther B. Jones, of Jones and Astryke, who was injured last Sunday afternoon in an automobile accident, on the south end of Long Bridge, is reported much improved. Mr. Jones was severely bruised and sustained several cuts. His car was also badly damaged.

Mr. R. A. King and Mrs. King, formerly of Clifton, now of Winchester , accompanied by Mr. and Mrs. Charles Epps, and Dr. Henry Lohymer, of Sturgiss, Mich., were in this city yesterday visiting the historical places and the battlefields of this section. They left for their homes yesterday.

### Saves Visitor From Husband, Then Ends Life.

Bridgeport, Conn., Aut. 18.—After averting what the police declare would have been a murder yesterday at her home, when her husband was beating John Lamb with an automobile wrench, Mrs. Joseph Wolfe, 44 years old, ended her own life by drinking carbolic acid.

Lamb, it was said, had long been visiting the Wolfe home in the absence of Mrs. Wolfe's husband. Yesterday some one telephoned to Wolfe that there was a man visiting Mrs. Wolfe. Wolfe returned home and creeping upstairs was met by his wife dressed in a kimona.

Her explanation of her costume failed to satisfy Wolfe and he rushed into the bed room, where he discovered Lamb, who ran into the bath room, followed by the husband, who administered a severe beating. Mrs. Wolfe pleaded with her husband to save Lamb, saying she was the guilty one.

The police are hunting for Lamb, who has not been seen since yesterday.

### Addresses Kiwanians

**Capt. McIntyre of Salvation Army, Tells of Work**

Capt. McIntyre, in charge of the Salvation Army here, this afternoon delivered an interesting address before the Kiwanis Club at the weekly luncheon of that club in the Westminster Building. J. Randall Caton delivered the prizes on the "Great I Am," questionnaire. H. Noel Garner delivered boost prizes and George E. Warfield, president, presided.

### VISITS ODD FELLOWS

At a meeting of Sarepta Lodge of Odd Fellows held last night a fraternal visit was paid by E. H. Allen, of Accotink. Mr. Allen is grand conductor of the Grand Lodge.

### Standard Oil Prices Boosted On Two Grades.

Pittsburgh, Pa., Aug. 18.—The Joseph Seep Agency here, Standard Oil purchasers, announced effective at 10 o'clock today, that the price of two of the better grades of oil have been substantially advanced.

Somerset heavy is boosted 20 cents to $1.10 and Somerset light is advanced 25 cents to $1.25. This is the first increase in oil prices at the wells in months.

### Chicagoan Held As Gem Smuggler.

Chicago, Aug. 18.—Federal officials investigating into the reported smuggling of gems valued at $50,000 into the United States from Canada to learn if John W. Worthington held as the head of a mail robbing syndicate, is conected with the plot. Some of the gems were brought to Chicago and some taken to other cities.

Owen T. Evans, former national bank examiner and Worthington's right hand man, has been held in connection with Worthington's activities and will be used as a government witness. He is said to have revealed numerous shady transactions charged against him. Evans told the investigators that Washington had engineered the sale of a number of Western banks to a New York banking syndicate.

### Troops Called To End Loving In N. Y. School.

New York, Aug. 18.—They grow 'em tough up in Myers Corners, Dutchess county. So young, so tough, so altogether rambunctious that the public school there has been abolished by the taxpayers.

Now the tough youngsters will have to go all the way to Wappingers Falls to be taught the three R.'s and if they carry their general cussedness there, it is reported steps will be taken to "warm it out of them."

The girls are as tough as the boys, they say, citing the fact that Miss Beatrice Hall, the teacher was compelled to call the State troopers to put out two girl pupils and their amorous swains, who had chosen to make love in the schoolhouse and refused to leave when ordered to do so.

The boys are said to have pelted Miss Hall with some almost perfectly good vegetables on one occasion, ruining her new spring suit.

Another episode was the drawing of queer mustaches and evebrows on portraits of President Harding and former Presidents Wilson and Roosevelt in the school rooms.

Parents have engaged Attorney Russell to fight the abolition of the school.

A CLASSIFIED AD IN THE GAZETTE ALWAYS PAYS. EVERYBODY READS THEM.

### Colonial Sugar Bowl Brings $230 At Auction.

York, Pa., Aug. 18.—A tiny blue sugar bowl offered at a picnic sale yesterday was knocekd down for the sum of $230

This sugar bowl was the product of the factory conducted by Baron Wilhelm Stiegel, at Manheim, Lancaster county, in colonial days. D. K. Bergman was the purchaser.

### Vanderlip Scouts Ability of Germany To Pay Debt.

Berlin, Aug. 18.—Frank A. Vanderlip, former president of the National City Bank of New York city who is in Germany studying the industrial and financial situation, was quoted by the Deutsche Allgemeine Zeitung today as saying that he believed Germany would be unable to meet the allied indemnity demands.

"The whole world," Mr. Vanderlip was qquoted as saying, "cannot overcome the present economic crisis until the peace treaty is revised."

### "ONEPIECE BATHERS ARE SAFE AT RIVERDALE

Riverdale, Md., Aug. 18.—Riverdale has a bathing beach where the one-piece bathing suit is not barred. Even if it were barred it is doubtful if the edict could be enforced, since the beach is located out side of the corporate limits.

The beach has been equipped with diving boards, floats, etc., and daily is enjoyed by men women and children.

### Mrs. Jan Van Albert Looks Up To Husband.

Port Arthur, Ont., Aug. 18.—Mrs. Jan Van Albert, who became a bride yesterday, will always look up to her husband.

He is nine feet five inches tall and she is five feet four inches. They went to school together in Holland and met recently at Winnipeg when the circus that employs Van Albert was there.

### Hightower Accused of Killing California Priest Submitted To Unique Test.

San Francisco, Aug. 18.—An "open veerdict that the Rev. Patrick Heslin, Colma priest, came to his death "either by blows on the head which fractured his skull or by two gunshot wounds" was returned by the coroner's jury yesterday.

William A. Hightower, who led the police to the priest's grave along the ocean, is in jail charged with murder. His name was not mentioned in the verdict.

The police investigators sought the aid of scientific instruments yesterday. Hightower was subjected to cross examination while delicate instruments recorded his heart action and respiration when asked leading questions.

Asked point blank if he murdered the Rev. Mr. Heslin, Hightower's blood pressure went up 32 millimeters at one jump, according to August Vollmer, chief, and Dr. J. A. Larsen, medical adviser of the Berkeley police department, who conducted the investigation.

# How Old Age Comes To Those Who Invite It

*—"There's a Reason"*

THERE are plain rules, well understood, about keeping a piece of machinery in repair and running smoothly.

Is the body as important as an automobile engine or a furnace?

Is it as reasonable to talk about the best ways of sustaining the body as it is to talk of proper care for the engine or the furnace?

Well, then—

The body is strengthened, warmed, sustained—kept young—in a very practical and scientific way.

**Some Simple Facts**

Food is heat and power and renewal for the body.

After all, there's nothing mysterious or magical about what food does in serving human need.

Nothing mysterious, but much that is interesting—and important.

Some foods are particularly good for the body.

GRAPE-NUTS is such a food.

Grape-Nuts is made from whole wheat and malted barley flour — product of the two grains which are richest in food elements for human need. Under the outer, or bran coating of the grain, nature has placed phosphates and lime which go to the making of bone, and the red blood corpuscles.

This may sound like physiology, but it works like health.

**Hunger Not Cheated**

All the richness of the kernel, together with essential mineral elements, are retained in the making of Grape-Nuts. Often, in the manufacture of foods, some of the most vital of nature's provisions are thrown away.

The long baking process (Grape-Nuts is the result of 20 hours continuous baking) partially pre-digests the food substances, develops the starches into dextrin and maltose—giving to Grape-Nuts its own natural sweetness—and produces a food which, when served with milk or cream, has been found by chemists to be almost perfectly balanced in qualities of nutrition.

**The Enemies Within**

Now, old age begins in the larger intestine.

This is what the scientists have found who know the human body as the mechanical expert knows his automobile engine.

No need to go into the particulars—it's enough to say that certain effects produced by food which is slow in digesting develop fermentation and other conditions which cause the bodily machine to slow down and wear out sooner than necessary.

Grape-Nuts digests quickly and wholesomely.

Much of this is due to the fact that the long baking has partly pre-digested the nutriment; partly to the fact that there is contained in Grape-Nuts the essential "roughness" to stimulate the action of the intestines.

**Health's Splendid Champion**

Grape-Nuts is a delightful food, for it is uniquely rich and sweet in flavor, and always crisp. It is unusually nutritious, for it has all the body-building elements of the most perfect food grains. It is a convenient and economical food, for it is ready to eat from the package, keeps in any climate, and is appetizing to the last bit.

It builds strength and vigor without taxing the digestion or leaving, within the body, elements whose familiar harm is really the beginning of "old age."

Grape-Nuts has been a favorite food, around the world, for nearly a quarter of a century—

And there is a reason!

### MEXICAN REVOLUTION

(Letter from New Spain)
[Mexico.]

The battle was commenced by the American riflemen; the Royalists soon gave way, and fell back to their camp, which they defended for about an hour, when they broke and ran in different directions, leaving their camp, dead and wounded, provisions, etc.

### POLITICS

[From the Editorial Columns.]

The commerce of America doomed by Jeffersonian policy to total ruin, has received another and the last blow ..... A vessel cannot go down the Potomac from Alexandria, after supplies of grain or other necessaries, without proceeding toward the enemy, while any enemy is in Lynhaven Bay. All such are to be stopped by the naval commander lest intelligence be carried to the enemy. ..... To a long catalogue of wicked acts the President has added the present edict and they who formerly knew him twenty years ago, and that he was then possessed of a strong understanding, and of agreeable manners and habits, are at a loss to account for the change. The calamities of America are ascribable to him, and when he shall be impeached of high crimes, the event which will take place if America retains her freedom and does justice to herself, he must be excused on the ground of insanity, or suffer the sentence of the constitution.

CASTORIA

## SPORTS

The Tiger Juniors made it twenty four straight by defeating the Reliance A. C., in a double header by the score of ten to four, and twenty-five to seven. C. Cator ad S. Fadely carried off fielding honors while everybody hit the old pile, good and hard. The line up was as follows: J. Hamilton, first base; William Cator, second base; S. Fadely, third base; H. Struder, right field; G. Giles, center field; L. Sinagel, left field; B. Giles, center; C. Cator, right field; D. Hewitt, pitcher; R. Kidwell pitcher.

The Dreadnaughts will engage in two fast games of ball this week end On Saturday at 4 p. m., they will meet the fast going Indian Head Club, who have defeated all the fast clubs of this section, including Clarendon by the score of 2 to 0, and the Quantico Marines by the score of 3 to 2, and the Dreadnaughts will have their hands full in trimming this club it is predicted. Alexander will probably pitch this game.

On Sunday at 3 o'clock, the Bib "D." will oppose the National Capitol All-Stars, a team composed of the best players in this section. Many of the players of this club have been touring the west and have had a successful season nad the fans can look for another good game when these too clubs meet on Sunday at the Dreadnaught Park.

**Standing of the Teams.**

| | Won. | Lost. | P.C. |
|---|---|---|---|
| First Baptist | 7 | 3 | 700 |
| M. E., South | 7 | 5 | 585 |
| Trinity M. E. | 6 | 6 | 500 |
| St. Paul's | 1 | 2 | 333 |
| Second Baptist | 4 | 9 | 307 |

Ralph Saffel, occupying the mound for the Southern Methodists in a church league game between the followers of Wesley and the Second Baptists, got the last ball pitched too near the groove, after making Grimm of the Baptists whiff at two fast ones and Grimm landed on it for three bases, registering the only hit and sending Snellings across with the only run made by the Baptists in the seven innings.

Saffel pitched air-tight ball for six and two-thirds innings and all prospects pointed to a no-hit, no-run game being chalked up to his credit. However, he wavered long enough to put the last ball in the groove and Grimm connected for the only hit made by the Baptists. Featherstone threw the ball to Tulloch and the latter caught Grimm as he was trying to stretch his triple into a home run and ended the game with the Methodists on the long end of a 2 to 1 score.

The Methodists scored two runs in the first inning and then went scoreless throughout the balance of the game. Butler pitched first class ball for the Baptists, allowing but one or two hits, errors being responsible for one of the first inning scores.

Featherstone, Shaffer and Coleman contributed no little entertainment by making several spectacular catches and cutting off chances of scores by the Baptists. The Baptists outfielders also performed in big league style and were dangerous at all times throughout the game. Game Friday, First Baptists vs. St. Paul's, 5:30 sharp.

The Alexandria Torpedo Station baseball team received theilr third straight shut out Saturday at Warsaw, Va., by the Warsaw A. C., score 6 to 0. The battery for the local boys were Alexander, and Tullock, Savage, Kirkwood pitched for Warsaw and only allowed three hits and they were made by Alexander, Tullock and Walters. The A. T. S., so far have not got any games booked for this Saturday, but will line up against the Naval Hospital this Saturday week, August 27th, on North Alfred street diamond. The game will start at 3:00 p. m., sharp. Umpire "Fegan" will be on the job. The battery is likely to be Roland and Tullock. This will be the first game that "Southpaw" Roland ever pitched for the A. T. S.

The Alexandria Athletic Association will play the fast Del Ray A. C., of Del Ray, Va., Sunday afternoon at 3::00 p. m., at Del Ray next to Mount Vernon School. There will be very little change if any in the line up that was to go against the Dreadnaughts last Sunday. The same line up will be against the Del Ray A. C. There was never known for so many people to be disappointed over the same thing at the same time as there was last Sunday when it rained ad knocked the big game in the head. All of the Triple A's fans are invited out to see the game. It will only cost you ten cents, five each way. Come on the Big Blue Bus it will put you off right at the diamond. You won't have to pay fifty cents to see the game, it is free to anyone. Manager Savage will be on the job with his men to start the game promptly at 3:00 p. m., sharp. If you want to see a good game of ball, follow the Triple A's Sunday, August 21. Don't forget the date!

### AUGUST ALMOST FROZE IN AUGUST

New York, Aug. 18.—August Kirsch, a Brooklyn butcher, might have frozen when a robber forced him into his own big icebox and locked the doors but for the fact that the icebox had plate glass doors.

These enabled Kirsch to see the thief calmly looting his cash register, and the robbery and his helplessness made him so hot that he did not even catch cold through his enforced imprisonment. An hour after the robber had disappeared a customer entered and set the butcher free. Later he caused the arrest of Walter Stutterhaim as the bandit and the prisoner was held for the grand jury.

## WANTED.

City and suburban property for customers who are anxious to get settled. Come in or call
**C. B. Lanham & Co.**
107 S. Royal St.
194-26p.

In the Corporation Court of the City of Alexandria, Virginia.
Julia Hannoe, complainant, vs. Joseph Brewer, et als., defendants. In Chancery, No. 554.
Pursuant to and by authority of a decree entered on the 5th day of August, 1920, in a certain suit in chancery pending in the Corporation Court of the City of Alexandria, Virginia, wherein Julia Hannoe is complainant and Joseph Brewer et als., are defendants, the undersigned will expose for sale at public auction on Tuesday, the 23rd day of August, 1921, at twelve o'clock noon, in front of the west entrance to the City Hall Building, on North Royal Street, Alexandria City, Virginia, all that lot of ground, with the buildings and improvements thereon, in the said City of Alexandria, bounded and described as follows, to-wit:
Beginning at the intersection of the south side of Wolfe Street with the east side of Fairfax Street, and running east on Wolfe street thirty four (34) feet five (5) inches, thence south parallel to Fairfax Street eighty-six (86) feet six (6) inches to an alley ten (10) feet wide; thence west on said alley thirty-four (34) feet five (5) inches to Fairfax Street; thence north on Fairfax Street eighty-six (86) feet six (6) inches to the beginning, with the right of way over the said alley and all appurtenances.
Terms of sale: One-third Cash and the balance in two equal payments at six and twelve months from day of sale, the deferred payments to bear interest at six per cent. and to be secured by either the retention of the title until the purchase price is paid in full or a first deed of trust given upon the property sold to secure the same, or all cash at the option of the purchaser.
R. B. WASHINGTON,
Special Commissioner of Sale.
I hereby certify that R. B. Washington, Special Commissioner of Sale, has executed bond required in the chancery cause of Julia Hannoe vs. Joseph Brewer et als., with good and sufficient security.
NEVELL S. GREENAWAY,
186-13c. Clerk.

### WORKING CONDITIONS OF WOMEN IN GEORGIA INVESTIGATED

Ten hours and longer is the scheduled working day of 70 per cent of the American born white women employed in the industries of 15 towns and cities of Georgia according to a preliminary report just issued by the U. S. Department of Labor through the Women's Bureau. One-fifth of these women earn less than $8.00 a week, the median wage is $12 a week. Hazards in the form of unguarded machinery, uninclosed elevators and inadequate fire protection were found in more than one-half of the plants visited and need for improved sanitary arrangements were found in a still larger proportion of the plants.
In view of these conditions the women's Bureau recommends the enactment of eight-hour and minimum wage laws for wage-earning women in Georgia legislation governing sanitary conditions in mercantile and industrial establishments, and the appointment of one or more women to the State Board of Commerce and Labor "not only to represent the interests of women workers but to aid in all problems of labor affecting men and women workers.
The investigation reported on was begun upon request of prominent men and women of Atlanta and the Federation of Women's Clubs and the League of Women Voters of Chatham County. Consequently the field was broadened to include the entire State and the following representative localities were covered: Savannah, Augusta, Macon, Columbus, Athens, Rome, Dalton, Lagrange, Cedartown Marietta, Griffin, Gainesville, Lindale Porterdale, and Bruswick.
In Atlanta the conditions as to hours and safety and sanitary provisions were found to be better than in the other localities but here a schedule of nine or more hours prevailed and weekly earnings were lower than elsewhere, the median being $11.70 a week as compared with $12.20 in other localities.
A total of 131 plants was covered by the investigators in this survey, representing the largest industries of the State employing women. The number of women included was approximately 10,000. the largest number of these being in the cotton mills. The other industries represented were cigar making, food manufacturing knit goods manufacturing, garment making, laundries, department stores and miscellaneous manufacturing, such as box, hat, mattress making, etc. Nearly all the women in these industries are American born and more than 90 per cent are white, The highest median wage in any industry, $15.90 a week, was found in a cigar-making establishment.
The specific recommendations of the Women's Bureau for employment standards in addition to the recommendations for eight-hour and minimum wage laws were as follows:
a. Workrooms should have good ventilation, sufficient heat, and constant cleanliness.
b. The lighting of workrooms should be good, artificial as well as natural, and so arranged as to prevent direct rays from shining into the workers' eyes.
c. Seats with backs should be provided, and they should be adjustable to the work and to the workers.
d. There should be one toilet for every 20 women employed and 1 toilet for every additional 15 women or fraction thereof. The toilets should be properly screened, well ventilated, and kept in a clean and sanitary condition.
e. Washing facilities, with hot and cold water, soap and individual towels, should be provided in sufficient number and in convenient locations.
f. Drinking water should be cool and accessible with individual drinking cups or bubble fountains.
g. Sufficient cloak rooms and rest rooms, with a matron in charge, should be provided.
h. Provision should be made for the workers to eat lunch outside the workroom.
i. A first-aid equipment should be provided in every establishment.

### AMERICAN LEGION CONVENTION

Norfolk, Va., Aug. 18.—Treatment of sick, wounded and disabled soldiers in the public service hospitals will undoubtedly be taken up at the State convention of the American Legion in Norfolk, September 1, 2 and 3. This matter is the subject of a congressional investigation, Senator Sutherland, of West Virginia, having been appointed chairman of a special Senate committee.
Norfolk post No. 36 has already taken measures to investigate the charges as far as they affect this section. A special committee consisting of William H. Sands ,Chairman; Dr. Junius F. Lynch. Dr. Beverly Kennon, Harry F. Macon, Herbert Gerst, and James A. W. Evans have made an investigation of public service hospital No. 29, at the Army Supply Base.
Their report is highly commendatory in regard to hospital No. 29, its staff and equipment. The committee finds the Medical personnel of the highest type and calibre and using every effort to obtain the best treatment for patients. There is no negligence, the committee finds, and the conduct of the staff is courteous and efficient. It has been voted by the post to send copies of the report to chairman Sutherland of the Senate Committee and to the Commandant of the hospital at the Army Supply Base.
Adjutant Fairfield H. Hodges said today that there would probably be delegates from 102 posts at the convention here. The committee in charge is preparing for 800 official delegates but from all accounts the official delgeates will only form a small part of the visiting host.
The Richmond post has decided to visit Norfolk in a body. Lynchburg, Roanoke, Fredericksburg and Alexandria are also likely to send a large contingent and special parties are expected from Staunton, Danville and Bristol.
As a part of the entertainment there will be a boat ride to the Capes, a celebration at the Hague, of which a special civic committee representing the entire city will have charge and an outing at Ocean View Park, where there will be a big spread served to 800 official delegates and special guests.
Among the speakers from outside the State will be Alfred M. Owsley of Texas, who is now acting national director of the Americanism commission.

**SUFFERED ALL A WOMAN COULD**

**Mrs. Meyer Finally Found Relief and Health in Lydia E. Pinkham's Vegetable Compound**

Orange, Cal.—"I always feel very grateful to you, as some twenty years ago three doctors said I had to have a serious operation. I had a tumor, and ulcers which would gather and break. I had displacement so badly that I could hardly sit down at times, and it seemed as if I suffered everything that a woman could suffer. Then some one advised me to take Lydia E. Pinkham's Vegetable Compound, and I took it until I was cured and saved from the operation. I have told women of your wonderful medicine times without number, and I am willing that you should use these facts and my name if you like. I also used your Compound during the Change, and I can do all my own work but the heavy part, and can walk miles every day as I help my husband in the office." —Mrs. J. H. Meyer, 412 South Orange St., Orange, California.
It is quite true that such troubles as Mrs. Meyer had may reach a stage where an operation is the only resource. On the other hand, a great many women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

### FURNISHING POOR WITH OLD CLOTHES

Chicago, Ill., Aug.— Sale of old clothes and household goods to the poor by the Methodist Episcopal church runs into an annual total of $350,000, it was announced here today by the Methodist committee on conservation and advance.

This field has been entered in a large scale by the Methodists in their "Goodwill" program. They have 19 establishments in as many cities, with property held in trust of more than $1,000,000. They project 21 more plants by 1924.

These activities were reviewed for the conservation committee by Dr. David D. Forsyth, of Philadelphia, secretary of the Methodist board on home missions and church extension. In summarizing his report, the committee said:

"These plants are engaged in gathering castoff clothing, shoes, furniture, books, and other articles necessary to the household. These are renovated and sold in stores to the poor at ridiculously low prices.

"Men and women out of employment for any reason whatsoever may obtain work at these plants. Their purpose is to salvage human beings from economic and moral wreckage, and there motto "not charity but a chance." Profits is no object.

"During the past year $408,000 was paid out in wages, 205,500 day's work was furnished to the unemployed, and 5,000 persons received this kind of economic aid. More than 250,000 poor bought at the stores. The materials were furnished by 115,000 homes of the well-to-do. Fourteen different trades and handicrafts are regularly taught.

"The patent plant in Boston has been in operation for twenty years It has 75,000 bags in as many homes and does an annual business of over $200,000. Its goods require eight separate stores in various poor quarters in Boston.

"Other plants are at Jersey City, Philadelphia, Wilmington, Baltimore, Pittsburgh, Buffalo, Cleveland, Cincinnati, St. Louis, Milwaukee, Duluth St. Paul, Los Angeles, San Francisco, Lowell and Oakland. New ones will be established in the near future at Toledo. Des Moines, Washington, Rochester, Louisville, Syracuse, Portland, Seattle and Spokane."

## AMERICAN LEGION

**State Gathering At Norfolk September 1-3**

Slight changes have been made in the program for the third annual conventio of the Virginia department o fthe American Legion, which will be held in Norfolk on September 1, 2 and 3, and which is expected to be one of the greatest gatherings of former service men in Virginia or neighboring states this year.

On the second day of the convention, which previously had been left open strictly for business, there will be a big ball and fireworks display in the evening, and in addition a delegation has gone to Washington to invite President Harding, Secretary of Navy Denby, and Theodore Roosevelt, Jr., Assistant Secretary of Navy, who was one of the organizers of the American Legion in France.

With these men speaking on the evening of the second day, those in charge of the convention plan to make it a big patriotic and civic celebration, which will be held in the open air. Instead of going to Virginia Beach on the third and closing day of the meeting, the delegations will be entertained at Ocean View, which is believed to be the best seaside resort for the occasion.

Elaborate preparations are now in progress in Norfolk for the convention, and arrangements have bee worked out by the merchants and others of that city for decorating the principal streets. Delegates from every section of the state will be present, and for the first time, individual members of the Legion are being urged by the department officers to be present this year and participate in the deliverations of the convention.

Alexandria Post No. 24, will be represented at this convention by Capt. George H. Evans and Gilbert Cox, Jr., while O. A. Reardon will be committeemen rom Eighth Congressional District.

### Julia French Marries After Getting Divorce.

Newport, R. I., Aug. 18.—Julia Estelle French, the former Mrs. Jack Geraghty, was married here today to Howard T. Williams, of Boston.

The ceremony was performed by Rev. Hugh B. Carpenter, pastor of the Stewart Baptist Church, of Providence, at Maple Shade the home of the bride's mother, Mrs. Leroy French.

Dr. Shelley B. Osborne, of Boston, was best man. The bride was unattended. About 20 relatives and friends were present. Mr. and Mrs. Williams will reside at Waban, Mass.

Miss French in 1919 obtained a divorce from Jack Greaghty, who at teh time of their marriage was her father's chauffeur. She was given custody of her one son.

Richmond.—Seven mayors of Virginia cities have already united and agreed to support the movement inaugurated by Mayor Ainslie in protest against the present tax laws of the state, and to request the legislature to segregate present estate and tangible property entirely to the localities and all other property to the state." The present system is declared to be hyprid and indefensible upon any theory. Twenty-three invitations to mayors were sent out and only the first of these have been heard from. The matter will be presented to the legislature at the coming session.

### ELECTION BETTING FAVORS TAMMANY

New York, Aug. 1.8—Election betting has started in Wall Street with the odds heavily in favor of Mayor Hyland and the Democratic city ticket. Democratic money, the brokers report, is very plentiful, and by no means all of it is being taken.

The odds are 2 to 1 that the entire Tammany ticket will win and 2 1-2 to 1 that Mayor Hylan will be re-elected. Even money is being offered, without takers, that the mayor will carry every borough in the city, and adds of 1 to 4 that he will double Curran's vote.

Rare in flavor is our "square-pressed" cooked ham! Only because of our desire to supply just the best for the best tables do we take the extra care in preparing such a delicious cooked ham. It is mildly sweet, of that fine flavor found only in Auth's products and—most pleasing—is extraordinarily void of fat waste.

**Your assurance of taste-delight is the sight of Auth's Circle of Goodness on the wrapper.**

DAILY DELIVERIES TO ALEXANDRIA GROCERS

# Seven Ills—One Cause

WHEN your motor is sick, find the reason. If it develops any of the symptoms listed below it is probable that you have been using the wrong gasoline:

1. Frequent overheating.
2. Pitted valve seats (carbon).
3. Uneven running—caused by cylinders missing.
4. Dilution of the lubricating oil in the crank-case.
5. Necessity for frequent carburetor adjustment
6. Vile odor of the exhaust gases—caused by incomplete combustion or waste power.
7. Spark plugs fouled by incomplete combustion.

Using "Standard" Motor Gasoline alone will go far toward correcting these difficulties. This improved motor fuel burns quickly and cleanly; it delivers maximum power. It is the best you can buy—and it costs no more. All power and lots of it.
